### Discover Connection

At Catholic Charities, we believe in creating a transformational volunteer experience— One that cultivates a meaningful and impactful relationship not only for the client, but for the volunteer as well.

### Personal Growth

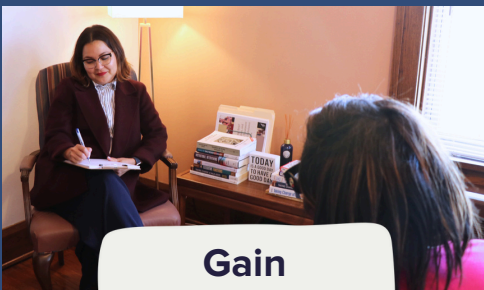

Volunteers have shared how they have grown not only professionally, but also personally in cultural awareness, humility and compassion for others.

“

**Together, we celebrate accomplishments, learn about family life and get to understand other cultures better. We are both changing each other's life. That's a gift!**

### Gain Experience

No matter the role, volunteers will be provided with the opportunity to gain hands-on experience working with neighbors. From expanding your awareness about various social services to fulfilling a graduation requirement, the volunteer experience will assist in providing additional knowledge, skills and abilities.
