

Hello ~

Thank you for taking the time to learn about us. We are excited about continuing our dream of building a family and are grateful you would consider us welcoming your child into our lives.

We have been married for seven years and have one son through adoption. We are active in the outdoors and enjoy spending our free time with family, friends, and our dog Daisy. Our favorite activities include boating, camping, and fishing. During the summer months, we take trips to the family cabin where we spend time with our siblings, parents, and eleven nieces and nephews.

As a supportive and caring couple, we value faith, relationships, and education. Our careers provide us with the opportunities to help and serve others. Kristin is a middle school math teacher and Travis is a police officer.

Kayden came into our lives through adoption in April 2012. He is currently a one year old boy that is energetic, silly, and has a tender sense of humor. He brings so much joy to our lives as well as the lives of so many others. Kayden is a true miracle.

Our ranch-style home is located in a quiet neighborhood. In our backyard, we like to grill-out and tend to our vegetable garden. We are fortunate to live near a lakeside park where we can picnic with friends and family. We view our home as not just a dwelling place, but a foundation to giving your child a loving environment full of hugs and laughter.

In addition, we can also provide your child with a moral upbringing to help him/her grow into a happy, confident, and successful adult. We are open to sharing an on-going connection with you and your child; a journey which will be supportive, safe, and respectful.

Thank you for taking the time to read our letter. We invite you to take a deeper look into our lives and share in the love and happiness that we have with and for our family - past, present, and future.

Sincerely ~ Travis & Kristin
