

Dear Birth Parent,

We are Javon & Stephanie. Thank you for taking the time to get to know us. First, we want to say that considering an adoption plan for your baby takes true strength, courage, and most of all love. God loved us so much that He gave His only Son. In like manner you are giving your baby to a family that is going to give your child all that you would hope for: Unconditional love, support, encouragement to be their very best, to know and feel safe and have peace. We are praying for you and your baby. If chosen as parents we will honor and respect your relationship with your child. We will not let your child forget you or your family.

We have been married for 8 years. Stephanie is a realtor and Javon is an Amazon Delivery Driver. We are both from Wisconsin. We like to travel, play games, and try different foods. During our pass time Javon likes to read, sing in our church choir, and watch anime. Stephanie likes music, loves to design and create arts and crafts, and bake. Together we like to spend time with family, go to the park, and play basketball. We love to bowl, go on bike rides, travel, and play video games.

If chosen to be the legal parents we promise to raise your child up right. To love themself for who they are and where they come from. To enjoy being a kid and grow up with discipline, love for themselves and others around them.

Thank you again for taking the time to know about us.

With Love,
Javon & Stephanie
