

Greetings Expectant Parent(s),

We are Megan and James! We are thrilled for you to learn about us! We cannot imagine what you are going through and we have the utmost admiration for you examining what must be one of the most difficult decisions for you to make. We are excited for an open adoption! We respect your decision of involvement and understand this may change over time. We are honored to share about ourselves with you!

We have been married for eight years! We have grown through the struggles of infertility and two miscarriages. Adoption was explored early in our family expansion discussions. Our son Michael was born in July 2021 and adopted in November 2021. We are honored to be his parents and we are excited to welcome a brother or sister for him!

We enjoy a variety of family activities, such as family walks around our friendly neighborhood, playing at multiple parks around our house, and Sunday morning pancakes while dancing in our kitchen! We are blessed with supportive family and friends, including families in our local adoption support group and enjoy trips to our local zoo and water parks!

Our faith is important to us. We will support our child forming his or her own spiritual beliefs.

We appreciate you taking the time to learn more about us! Our goal is to provide the most unconditionally loving and fun upbringing! We can't wait to hear from you soon!

Megan and

James
