

The White Family

**Michael Looks
Forward to a
New Sibling!**

Hi!
We are
Megan
James
&
Michael

**We are grateful to be a
part of your journey**

Our family embraces the spirit of an open adoption. We openly talk about adoption with our family, friends and our child. Every night we share the adoption story with our son and include his birth parents in our prayers.

Each adoption story is unique and we are committed to forming a unique relationship with you. We are prepared to provide you with regular updates in the form of pictures, communicating on holiday's / birthday's and setting up in person visits as works best for you, your child and our family.

We are committed to meeting you where you are at, today, tomorrow and in the future to best support the healthiest relationship possible for everyone involved. No matter where you are, we promise to commit to the spirit of an open adoption for your child by being open, honest and supporting them in all stages of their life journey.

BETTER *Together*

We met online nearly ten years ago.

We had our first date at the Public Market where we walked around downtown and had great conversations about our family, friends, goals and dreams. **We've been married for nine wonderful years.** We always bring out the best in each other with our unique personalities. We promise to support and love your child forming the best possible version of himself or herself.

We look forward to the opportunity to expand our family again through the blessing of adoption!

Hobbies

We enjoy a variety of hobbies! We love cooking new recipes! On Sundays we enjoy a family pancake breakfast and baking cookies with our niece. When the weather is nice, we love to bond together by taking a walk or hiking to one of our many nearby parks. We also enjoy getting our friends together to cook out and watch our local sports teams together!

Our Faith

We believe everything happens for a reason in life and that our experiences can help make us stronger.

Michael's Baptism

Our faith is very important to us!

It has strengthened our marriage and assisted us through the struggles of life. Our faith helped to provide comfort to us as we worked through our challenges with infertility and two miscarriages.

We practice our faith through attending church service and praying together at meals and at bedtime.

We look forward to sharing our faith experiences with our child and are open to supporting the child as he or she forms personal beliefs on faith.

Meet Michael

Our son Michael was born in July 2021 and was adopted in November 2021! Although he was premature and small for his age, Michael is thriving in life! He continues to participate in therapies for developmental milestones. He is a happy, healthy, and fun toddler who loves eating a variety of foods, playing with different toys, loves going to the parks and the zoo with our friends children! We are grateful every day to be his parents and can't wait to welcome a brother or sister into the family for Michael!
